

### Company Profile

Since its launch in 2005, Securecom has served the security market with advanced new technology, innovative product features and a redefinition of product value under the brand name SCYPRO.

Securecom was founded based on the principle of being a frontrunner in digital Closed Circuit Television (CCTV) solutions and introduced innovative DVRs and PC-based video capture systems to the market. Securecom is dedicated to provide high quality cost effective CCTV products to meet today's complex requirements and that is why the product line of Securecom has evolved enormously over few years. Currently Securecom offers an assortment of security surveillance systems that have established Securecom as an industry leader in terms of reliable functionality, powerful connectivity and ease-of-use.

Our team is staffed with highly trained and experienced individuals whose commitment is to develop and provide high performance CCTV solutions.

Securecom has established deep roots in the security industry. Together with its ever-growing product line Securecom's SCYPRO is now emerging as a widely accepted brand worldwide. The company's head office is in Toronto, Canada with strong Partners world wide

In today's highly competitive industry, we realize that our customers are our most important asset. We take your business and product decisions very seriously, and that is why we strive to offer high quality solutions, with exceptional service, at a cost effective price.
